## Jered's Cowboy Journal

Howdy Pard,

Hope you all had a wonderful Thanksgiving. I've got some updates for you and then a little preaching. I'll try to be to the point since I know you need to be shopping for or wrapping your Christmas presents. 'Tis the season.

First. Sunday December 13th we will be setting targets on the range at 10 am. On Saturday December 19th we will have our 3rd Saturday shoot followed by the Club Championship awards at 5 pm and dinner at 6 pm. The club will provide the turkey and ham as usual. Sides and deserts are up to you. Please contact me at [smm26216@msn.com](mailto:smm26216@msn.com) or 901-490-0183 after 5 pm in the evenings with what you plan to bring. I will be keeping up with the list. We will also be shooting on the 4th Saturday, December the 26th.

Second. You may be noticing that instead of receiving a paper newsletter via snail mail, you received an e-mail from Sable saying the newsletter was on the web page. We are doing this for two reasons. First we want to save the club the expense of printing and mailing a newsletter that can be sent to the majority of our members via e-mail. Secondly we want your input. With a webpage newsletter the members of the club will be able to send articles, comments, pictures and more with greater ease. You are the club and your input counts. But most of all we want you to see the updated website that Bit Fiddler has worked hard to get updated. You now have access to more content, pictures, etc. and you will have the ability to have more of what you want to see added to the site. Comments can be forwarded to both myself and Easy Lee through the website itself. Enjoy.

## Think about it

"Sometimes you get, and sometimes you get got."

Third. I want to talk to our newer members for a moment. Well, this is for everybody, not just the newer members. We love having you as part of our club. The club is for the people, by the people. We

have said for years and years that our motto is "Be safe, have fun, be safe." And we mean it. We have been awarded the SASS Best Club Award twice. That's not just because we are a fun club, it's because we are a safe club. That's why people come back to shoot with us year after year. We have to be aware of the fact that we are part of what is realistically a dangerous sport. We are using real guns with live ammo in a setting that can be dangerous if not controlled and respected. When someone gives you advice or councils you about an error or infraction, please take it in the spirit in which it is given. We only want you to be safe. Sometimes it is necessary. Now for you older members. Try to remember when you first started and the mistakes you made and give your advice and council as it was given to you. A wise cowboy once told me there are two kinds of cowboy shooters. "Those who have been DQ'd and those that are going to be DQ'd." Everyone can and will mess up. Our job is to make sure that the lesson is learned and the shooter grows from the experience. Actions as well as words are important. It is not enough sometimes to just call a DQ. Take the time to explain and illustrate other ways in which the infraction can be avoided, even help improve the shooters ability to safely navigate a stage. Most importantly for our older members, remember that your words and actions are either going encourage or discourage someone. I've always admired the way Buffler always reminds us of that when he has the opportunity to give the prayer before a shoot. Always remember to treat others as you want to be treated and all will be well.

Vaya con Dios,

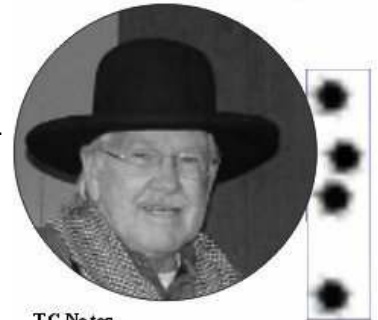

Jered

## TG Notes

### TG Notes

The letter I read to the shooters at the November 21<sup>st</sup> match, as I understand it, came from a disgruntled individual who has been causing problems for some of the CA clubs. SASS is looking into the situation. The question was raised, how did he get all the TG addresses? Apparently you can Google a phone number, like the TG list in the chronicle, and get the address of the phone's location!

TG Notes

Attendance at the SASS convention is expected to be quite small this year. TGS are being encouraged to get their proxies in. MRR's has been received and tallied.

### Safety

As you all should know, MRR considers every member a safety officer. Taking the RO1 course is a requirement every shooting member must complete. This is for your safety and the landowner's liability. We keep our records updated to ensure that every shooter has taken the course and has a copy of the Range Operations Basic Safety Course. Currently we have 18 shooters listed on our sign in sheet who have not taken the course! Some are new members, others are infrequent shooters. As we begin the New Year there will be a concerted effort made to have 100% of those shooting be RO1 certified. To those of you who have received your RO1 and/or RO2 pin in past years, you're encouraged to sit in on one of the 2010 sessions as the course has been edited and revised every year since introduced in 2000!

### 2010 Dues

Membership is due January 1<sup>st</sup> and delinquent February 1<sup>st</sup>. Single person membership is \$45,

additional family members are \$20 each (excluding buckaroos).

## On the Trail with Capt. Augustus & Skip

Howdy folks, I reckon if you are reading this issue, you found us on line. I would have given you more notice, but I had a surgery planned, so I had to move up this month's deadline. It's nothing serious, I'm just coming unraveled around my navel.

Speaking of SDQ's, I had one myself on the 21st. It was on the jail stage. It had to do with shooting through the bars with the shotgun. Before I took an overall look, I had two shells in the 97, and then I realized that I was off center to the opening. Well duh, I did the old guy shuffle to the opening before I knew what I had done. Then it hit me and I owned up, a case of not thinking things through. I'll have to take up shadow shooting.

I want to thank everyone at the November 21<sup>st</sup> for welcoming my son Tony to the shoot. He used to shoot with me, and it was like the good ol' days. He gets called up this month and is getting ready to ship to Iraq with the Tennessee National Guard. Marianne and I are proud of his service as I'm sure all of you are, who have loved ones in the way of danger.

I was surprised at the content of the letter read during the shoot, and also surprised at how many people believed what was read. When I got home, I dropped Youngblood a note on the wire. I knew he belonged to the club in question. He gave the background on it and I forwarded it to Easy Lee. I don't know what is going on, but too many folks believe everything they hear. People out there are trying to manipulate us, whether it's politics, economics, gun control or anything else. I told my kids, think for yourself. Look at the facts from different angles.

The History Channel has been running Cowboy shows on Sunday night, but they are hard to catch. The schedule was wrong on the DVR, so I recorded something else. Sometimes, you cannot win.

Bit Fiddler has been working on the website and it has a photo album, so it would pay to forward pictures to him for display.

I'm going out on a limb here, but on the 26<sup>th</sup> folks can share their leftovers from Christmas.

**I wish all of you a Merry Christmas and a Happy New Year!**

Take care and hope to see you on the 19<sup>th</sup>.
